

## SULAMAN M. CHAUDHRY

[Sulaman@ChaudhryConsulting.com](mailto:Sulaman@ChaudhryConsulting.com) | 210-639-7555 | San Antonio, Texas | [sulamanchaudhry.com](http://sulamanchaudhry.com) (Projects & Portfolio)

### PROFESSIONAL EXPERIENCE

#### RACKSPACE TECHNOLOGY — San Antonio, TX

##### Load Balancer Engineer II

2016–2018

- Implemented, migrated, and supported high-availability F5 BIG-IP (LTM, GTM, AFM) environments for enterprise customers, covering Layer 7 traffic management, SSL offloading, reverse proxying, and global DNS steering.
- Worked directly with customer IT and engineering teams on application availability and traffic issues; wrote and modified F5 iRules (Tcl) for traffic behavior such as HTTP-to-HTTPS redirects.
- Supported mission-critical production environments, troubleshooting application traffic, availability, and configuration issues and translating technical findings into actionable customer recommendations.

##### Network Security Engineer

2015–2016

- Managed enterprise support queues while providing live technical support for production network and application delivery environments.
- Administered Cisco ASA/ASA-X and Juniper SRX firewalls (VPNs, NAT, ACLs, security policies) and supported Brocade ADX load balancers; diagnosed enterprise VPN and connectivity issues.
- Worked with Imperva WAF and Alert Logic IDS for certificate and minor rule updates; translated complex security and infrastructure issues into practical customer solutions.

#### TAKE FLIGHT, LLC — San Antonio, TX

2021–Present

##### Co-Founder

- Built and scaled a self-funded CPG beverage brand (\$250K+ capital), managing P&L, supply chain, regulatory compliance, vendor relationships, and multi-channel distribution; grew organic brand awareness to 12.2K+ followers.
- Led go-to-market and field sales, securing a \$20K primary sponsorship for Austin's Levitation Festival and multi-venue distribution.

#### SHANN CHAUDHRY ATTORNEY AT LAW — San Antonio, TX

2022–2025

##### Estate Planning & Customer Care Specialist

- Translated client discovery into customized trust and estate planning packages using the firm's document automation platform; led high-stakes client execution meetings as a commissioned Notary Public.
- Managed the firm's Customer Care program, maintaining secure records and supporting clients through the full estate planning and trust funding lifecycle.

#### DRAGONFLY CAREERS — San Antonio, TX

2018–2020

##### Co-Founder

- Co-founded a workforce development initiative building hospitality career pathways for Texas high school students; secured Choice Hotels approval to extend its training platform into high school programs.

#### CLOUDFLARE TECHNICAL SHOWCASE

##### Application Security, Performance & Zero Trust | [sulamanchaudhry.com](http://sulamanchaudhry.com)

- Implemented Cloudflare across three live workloads with different requirements (public portfolio, media hub, internal Zero Trust operations tool), tailoring DNS/DNSSEC, TLS, caching, WAF, rate limiting, DDoS and bot protection, Page Shield, and Workers to each.
- Built a role-based Access + WARP environment for internal inventory and purchase-order workflows; used Terraform to import, plan, review, and apply infrastructure-as-code changes (remote state in HCP Terraform; GitHub Actions format and validation checks).
- Built the media-hub site from scratch on Nginx and HTML5 at DigitalOcean, then migrated it to Cloudflare.
- Documented security posture, traffic analytics, custom rules, demos, and implementation details at [sulamanchaudhry.com](http://sulamanchaudhry.com).

### EDUCATION & CERTIFICATION

#### Cornell University — Ithaca, NY | B.S. Hotel Administration

2007–2011

#### Cisco Certified Network Associate (CCNA)

2015

### CORE COMPETENCIES

Technical Troubleshooting • Live Customer Support • OSI Layers 3, 4 & 7 • DNS, TLS & HTTP/HTTPS • Reverse Proxy, Caching & Load Balancing • Firewall & WAF • Zero Trust • Technical Documentation

### TECHNOLOGIES

Application Delivery & Networking: F5 BIG-IP (LTM, GTM, AFM) • F5 iRules (Tcl) • Cisco ASA/ASA-X • Juniper SRX • Brocade ADX • TCP/IP • HTTP/HTTPS • DNS • SSL/TLS • VPN  
Security & Tooling: Nginx • Git • GitHub Actions • HCP Terraform • Imperva WAF and Alert Logic IDS (familiarity)  
Diagnostics: dig • curl • openssl • traceroute  
**Cloudflare:** DNS & Proxying • SSL/TLS • CDN & Caching • WAF • Bot Mitigation • Rate Limiting • DDoS Protection • Workers • Zero Trust (Access, WARP) • Terraform
